## 10 USC §2706. Annual Reports to Congress

### (a) Report on Environmental Restoration Activities

- (1) The Secretary of Defense shall submit to the Congress each year, not later than 45 days after the date on which the President submits to the Congress the budget for a fiscal year, a report on the progress made by the Secretary in carrying out environmental restoration activities at military installations.
- (2) Each such report shall include, with respect to environmental restoration activities for each military installation, the following:
  - (A) A statement of the number of sites at which a hazardous substance has been identified.
  - (B) A statement of the status of the response actions proposed for or initiated at the military installation.
  - (C) A statement of the total cost estimated for such response actions.
  - (D) A statement of the amount of funds obligated by the Secretary for such response actions, and the progress submitted, including an explanation of:
    - i) Any cost overruns for such response actions, if the amount of funds obligated for such response actions exceeds the estimated cost for those response actions by the greater of 15 percent of the estimated cost or \$10,000,000; and
    - ii) Any deviation in the schedule (including a milestone schedule specified in an agreement, order, or mandate) for such response action of more than 180 days.
  - (E) A statement of the amount of funds allocated by the Secretary for, and the anticipated progress in implementing, such response actions during the fiscal year in which the report is submitted.
  - (F) A statement of the amount of funds requested for such response action for the five fiscal years following the fiscal year in which the report is submitted, and the anticipated progress in implementing such response actions for the fiscal year for which the budget is submitted.
  - (G) A statement of the total costs incurred for such response actions as of the date of submission of the report.
  - (H) A statement of the estimated cost of completing all environmental restoration activities at the military installation.
  - (I) A statement of the estimated schedule for completing all environmental restoration activities at the military installation.
  - (J) A statement of the activities, if any, including expenditures for administration and technical assistance under section 2705 of this title, of the technical review committee or restoration advisory board established for the installation under such section during the preceding fiscal year.

### (b) Report on Environmental Quality Programs and Other Environmental Activities

### Location in the Defense Environmental Programs Annual Report to Congress

- (1) The Secretary of Defense shall submit to Congress each year, not later than 45 days after the date on which the President submits to Congress the budget for a fiscal year, report on the progress made in carrying out activities under the environmental quality programs of the Department of Defense and the military departments.
- (2) Each Report shall include the following:
  - (A) A description of the Environmental Quality Program of the Department of Defense, and of each of the military departments, during the period consisting of the four fiscal years preceding the fiscal year in which the report is submitted, the fiscal year in which the report is submitted, and the fiscal year following the fiscal year in which the report was submitted.
  - (B) For each of the major activities under the environmental quality programs:
    - (i) A specification of the amount expended, or proposed to be expended, in each fiscal year of the period covered by the report.
    - (ii) An explanation for any significant change in the aggregate amount to be expended in the fiscal year in which the report is submitted, and in the following fiscal year, when compared with the fiscal year preceding each fiscal year.
    - (iii) An assessment of the manner in which the scope of the activities have changed over the course of the period covered by the report.
  - (C) A summary of the major achievements of the environmental quality programs and of any major problems with the programs.
  - (D) A summary of fines and penalties imposed or assessed against the Department of Defense and the military departments under Federal, State, or local environmental laws during the fiscal year in which the report is submitted and the four preceding fiscal years, which summary shall include—
    - (i) a trend analysis of such fines and penalties for military installations inside and outside the United States; and
    - (ii) a list of such fines or penalties that exceeded \$1,000,000 and the provisions of law under which such fines or penalties were imposed or assessed.
  - (E) A statement of the amounts expended, and anticipated to be expended, during the period covered by the report for any activities overseas relating to the environment, including amounts for activities relating to environmental remediation, compliance, conservation, pollution prevention, and environmental technology.

### (f) Reviews and Reports

- (1) Secretary of Defense: Not later than March 1 of each year, the Secretary of Defense shall review the extent to which integrated natural resources management plans were prepared or were in effect and implemented in accordance with this subchapter in the preceding year, and submit a report on the findings of the review to the committees. Each report shall include:
  - (A) The number of integrated natural resources management plans in effect in the year covered by the report, including the date on which each plan was issued in final form or most recently revised;
  - (B) The amounts expended on conservation activities conducted pursuant to the plans in each year covered by the report; and
  - (C) An assessment of the extent to which the plans comply with this subchapter.

### (i) Procurement program

- (1) Within one year after the date of publication of applicable guidelines under subsection (e) of this section, each procuring agency shall develop an affirmative procurement program which will assure that items composed of recovered materials will be purchased to the maximum extent practicable and which is consistent with applicable provisions of Federal procurement law.

(e) Required action by department

(5) Annual report

Each department, agency, or instrumentality responsible for compliance with this section shall furnish an annual report to Congress concerning its progress in implementing the requirements of this section. Such reports shall include, but not be limited to, the following:

- (A) A report on the progress in reaching interagency agreements under this section.
- (B) The specific cost estimates and budgetary proposals involved in each interagency agreement.
- (C) A brief summary of the public comments regarding each proposed interagency agreement.
- (D) A description of the instances in which no agreement was reached.
- (E) A report on progress in conducting investigations and studies under paragraph (1).
- (F) A report on progress in conducting remedial actions.
- (G) A report on progress in conducting remedial actions at facilities that are not listed on the National Priorities List.

With respect to instances in which no agreement was reached within the required time period, the department, agency, or instrumentality filing the report under this paragraph shall include in such report an explanation of the reasons why no agreement was reached. The annual report required by this paragraph shall also contain a detailed description on a state-by-state basis of the status of each facility subject to this section, including a description of the hazard presented by each facility, plans and schedules for initiating and completing response action, enforcement status (where appropriate), and an explanation of any postponements or failure to complete response action. Such report shall also be submitted to the affected states.

(c) Review

If the President selects a remedial action that results in any hazardous substances, pollutants, or contaminants remaining at the site, the President shall review such remedial action no less often than each 5 years after the initiation of such remedial action to assure that human health and the environment are being protected by the remedial action being implemented.

In addition, if upon such review it is the judgment of the President that action is appropriate at such site in accordance with section 9604 or 9606 of this title, the President shall take or require such action. The President shall report to the Congress a list of facilities for which such review is required, the results of all such reviews, and any actions taken as a result of such reviews.

**Sec. 401. Agency and Facility Environmental Management Systems**

To attain the goals of section 201 of this order:

- (a) Within 18 months of the date of this order, each agency shall conduct an agency-level environmental management system self assessment based on the Code of Environmental Management Principles for Federal Agencies developed by the EPA (61 Fed. Reg. 54062) and/or another appropriate environmental management system framework. Each assessment shall include a review of agency environmental leadership goals, objectives, and targets. Where appropriate, the assessments may be conducted at the service, bureau, or other comparable level.
- (b) Within 24 months of the date of this order, each agency shall implement environmental management systems through pilot projects at selected agency facilities based on the Code of Environmental Management Principles for Federal Agencies and/or another appropriate environmental management system framework. By December 31, 2005, each agency shall implement an environmental management system at all appropriate agency facilities based on facility size, complexity, and the environmental aspects of facility operations. The facility environmental management system shall include measurable environmental goals, objectives, and targets that are reviewed and updated annually. Once established, environmental management system performance measures shall be incorporated in agency facility audit protocols.

**Sec. 501. Toxic Release Inventory/Pollution Prevention Act Reporting**

To attain the goals of section 203 of this order:

- (a) Each agency shall comply with the provisions set forth in section 313 of EPCRA, section 6607 of PPA, all implementing regulations, and future amendments to these authorities, in light of applicable EPA guidance.
- (b) Each agency shall comply with these provisions without regard to the Standard Industrial Classification (SIC) or North American Industrial Classification System (NAICS) delineations. Except as described in subsection (d) of this section, all other existing statutory or regulatory limitations or exemptions on the application of EPCRA section 313 to specific activities at specific agency facilities apply to the reporting requirements set forth in subsection (a) of this section.

Each agency required to report under subsection (a) of this section shall do so using electronic reporting as provided in EPA's EPCRA section 313 guidance.

**Sec. 505. Reductions in Ozone-Depleting Substances**

To attain the goals of section 206 of this order:

- (a) Each agency shall ensure that its facilities:
  - (1) maximize the use of safe alternatives to ozone-depleting substances, as approved by the EPA's Significant New Alternatives Policy (SNAP) program;
  - (2) consistent with subsection (b) of this section, evaluate the present and future uses of ozone-depleting substances, including making assessments of existing and future needs for such materials, and evaluate use of, and plans for recycling, refrigerants, and halons; and
  - (3) exercise leadership, develop exemplary practices, and disseminate information on successful efforts in phasing out ozone-depleting substances.

### SEC. 326. Elimination of Use of Class 1 Ozone-Depleting Substances in Certain Military Procurement Contracts

- (a) Elimination of Use of Class 1 Ozone-Depleting Substances -- (1) No Department of Defense contract awarded after June 1, 1993, may include a specification or standard that requires the use of a class I ozone-depleting substance or that can be met only through the use of such a substance unless the inclusion of the specification or standard in the contract is approved by the senior acquisition official for the procurement covered by the contract. The senior acquisition official may grant the approval only if the senior acquisition official determines (based upon the certification of an appropriate technical representative of the official) that a suitable substitute for the class I ozone-depleting substance is not currently available.
- (4) Each official who grants an approval authorized under paragraph (1) or makes a determination under paragraph (2)(B) shall submit to the Secretary of Defense a report on that approval or determination, as the case maybe, as follows:
- (A) Beginning on October 1, 1993, and continuing for 8 calendar quarters thereafter, by submitting a report on the approvals granted or determinations made under such authority during the preceding quarter not later than 30 days after the end of such quarter.
  - (B) Beginning in January 1, 1997, and continuing for 4 years thereafter, by submitting a report in the approvals granted or determinations made under such authority during the preceding year not later than 30 days after the end of such year.
- (5) The Secretary shall promptly transmit to the Committees on Armed Services of the Senate and House of Representatives each submitted to the Secretary under paragraph (4). The Secretary shall transmit the report in classified and unclassified forms.

(1) to determine:

- (A) the nature and environmental effect of discharges incidental to the normal operation of a vessel of the Armed Forces;
- (B) the practicability of using marine pollution control devices on vessels of the Armed Forces; and
- (C) the effect that installation or use of marine pollution control devices on vessels of
  - (i) the Armed Forces would have on the operation or operational capability of the
  - (ii) vessels; and

- (a) ESTABLISHMENT - The Secretary of Defense may establish and carry out a program to conduct and manage in a coordinated manner the conservation and cultural activities described in subsection (b).
- (b) ACTIVITIES -
  - (1) A conservation or cultural activity eligible for the program that the Secretary establishes under subsection (a) is any activity-
    - (A) that has regional or Department of Defense-wide significance and that involves more than one military department;
    - (B) that is necessary to meet legal requirements or to support military operations;
    - (C) that can be more effectively managed at the Department of Defense level; and
    - (D) for which no executive agency has been designated responsible by the Secretary.
  - (2) Such activities include the following:
    - (A) The development of ecosystem-wide land management plans.
    - (B) The conduct of wildlife studies to ensure the safety of military operations.
    - (C) The identification and return of Native American human remains and cultural items in the possession or control of the Department of Defense, or discovered on land under the jurisdiction of the Department, to the appropriate Native American tribes.
    - (D) The control of invasive species that may hinder military activities or degrade military training ranges.
    - (E) The establishment of a regional curation system for artifacts found on military installations.

(b) Response Plan Required-

- (1) IN GENERAL- Not later than March 1, 2007, the Secretary of Defense shall submit to the congressional defense committees a comprehensive plan for addressing the remediation of unexploded ordnance, discarded military munitions, and munitions constituents at current and former defense sites (other than operational ranges).
- (2) CONTENT- The plan required by paragraph (1) shall include--
  - (A) a schedule, including interim goals, for achieving the goals described in paragraphs (1) through (3) of subsection (a), based upon the Munitions Response Site Prioritization Protocol established by the Department of Defense;
  - (B) such interim goals as the Secretary determines feasible for efficiently achieving the goal required under paragraph (4) of such subsection; and
  - (C) an estimate of the funding required to achieve the goals established pursuant to such subsection and the interim goals established pursuant to subparagraphs (A) and (B).
- (3) UPDATES- Not later than March 15 of 2008, 2009, and 2010, the Secretary shall submit to the congressional defense committees an update of the plan required under paragraph (1). The Secretary may include the update in the report on environmental restoration activities that is submitted to Congress under section 2706(a) of title 10, United States Code, in the year in which that update is required and may include in the update any adjustment to the remediation goals established under subsection (a) that the Secretary determines necessary to respond to unforeseen circumstances.

**SEC. 314. Research on Effects of Ocean Disposal of Munitions**

(a) Identification of Disposal Sites--

- (1) HISTORICAL REVIEW--The Secretary of Defense shall conduct a historical review of available records to determine the number, size, and probable locations of sites where the Armed Forces disposed of military munitions in coastal waters. The historical review shall, to the extent possible, identify the types of munitions at individual sites.
- (2) COOPERATION--The Secretary shall request the assistance of the Coast Guard, the National Oceanic and Atmospheric Administration, and other relevant Federal agencies in conducting the review required by this subsection.
- (3) INTERIM REPORTS--The Secretary shall periodically, but no less often than annually, release any new information obtained during the historical review conducted under paragraph (1). The Secretary may withhold from public release the exact nature and locations of munitions the potential unauthorized retrieval of which could pose a significant threat to the national defense or public safety.
- (4) INCLUSION OF INFORMATION IN ANNUAL REPORT ON ENVIRONMENTAL RESTORATION ACTIVITIES--The Secretary shall include the information obtained pursuant to the review conducted under paragraph (1) in the annual report on environmental restoration activities submitted to Congress under section 2706 of title 10, United States Code.
- (5) FINAL REPORT--The Secretary shall complete the historical review required under paragraph (1) and submit a final report on the findings of such review in the annual report on environmental restoration activities submitted to Congress for fiscal year 2009.
