SOUTHERN RECIPE OF THE MONTH

BBQ RIBS

Take any size rack of ribs and place on foiled cookie sheet and place in oven at 375 degrees for 30 minutes to remove grease. Remove ribs from cookie sheet, baste in BBQ sauce and place in Dutch oven with lid and place back into oven for one hour to further cook and retain moisture. After an hour, remove the ribs and place on grill for 10 minutes to solidify the sauce. Serve with corn on the cob, baked potato, corn bread, and coleslaw.
