

# BE ALLIGATOR AWARE

MCLB Albany is home to a small population of American alligators. During warm weather alligators may be encountered around Horseshoe Pond and Indian Lake. For your safety, do not swim, wade, or allow pets off-leash in this area. Do not feed, provoke, or approach alligators.

## **NEVER FEED ALLIGATORS!**

Feeding alligators may endanger the safety of people or their pets and is illegal in the State of Georgia. Alligators who are fed may easily mistake a hand for a handout! All alligators that become habituated to being fed and approach humans are euthanized with no exceptions. Individuals who feed alligators will face severe disciplinary action and/or fines.

**Report aggressive or roaming alligators to Base Game Warden (229) 809-2495 or Natural Resources (229) 639-9946. Contact MCPD at (229) 639-5911 in the event of an emergency.**
