Clear Lk.- Tamahawk Crk. (Mont.)	3	164		164	164		107+
Damon	4						3750
St. Helen	1	221*	440		440		145+
Sharon	3	81	109		109		14+
Total		1435	1368	314	1533	149	1095

*In process of being cut

+Treatment not important for warbler habitat (overstory removal)

°Treatment involves removing overstory over habitable aged jack pine

NOTE: In addition to the above, treatments for the Years-of-Entry 1977 and 1978 are in various degrees of completion. Cutting has been fairly much up to schedule, with burning and regenerating falling behind.
