SUBJECT: FY10 Defense Environmental International Cooperation (DEIC)
Approved Program

This memo provides a summary the approved FY10 Defense Environmental International Cooperation (DEIC) program funded by the ODUSD(Installations and Environment (ODUSD(I&E))).

On September 3, 2009 the DEIC Oversight Group convened to review and prioritize proposals for FY10 DEIC funding per the attached DUSD(I&E) memo dated March 10, 2009 (Attachment 1). Proposals were submitted by the geographic combatant commands and OSD.

The Oversight Group is comprised of three voting representatives: ODUSD(I&E), ODASD(Strategy), and the Office of the Director of the Joint Staff. Proposals for international security cooperation were prioritized in accordance with the strategic end states identified in the Guidance for Employment of the Force and the COCOM Theater Campaign Plans. Desired benefits include building strategic partnerships; reducing regional tensions; enhancing environment, safety and occupational health risk management and the sustainment of mission capability.

The table (Attachment 2) provides the titles and approved funding for proposed projects at 90% of the DEIC full funding level of \$1,555,000. While this list is not in order of priority, the projects approved in the "2nd increment" column will be re-evaluated for prioritization in the event the DEIC program is fully funded or in the event a "1st increment" project cannot be executed due to changed circumstances.

If you have any questions, please contact Ms. Ninette Sadusky, ODUSD(I&E/ERS) at (703) 604-1798, Ninette.sadusky@osd.mil or Mr. William Mackie (JS/J-4) at (703) 697-4443, William.Mackie@JS.Pentagon.mil.

SUBJECT: FY10 Defense Environmental International Cooperation (DEIC) Program
Call for Proposals

This memorandum provides the schedule and guidance for submitting security cooperation proposals for the DEIC Oversight Group to allocate FY10 resources. Review and prioritization of the proposals will focus on how they describe support specific elements of the Guidance for the Employment of the Force, Combatant Command (COCOM) Theater Security Cooperation Plans, and 2007 Defense Installations Strategic Plan (www.acq.osd.mil/ie/index.html). Priority will be given to proposals that address innovative approaches to Environmental Safety & Occupational Health risk management, sustainment and/or building capacity for strategic partnerships: in operations; global defense posture; and defense missions outside the United States. Example of executing tools include: strategic-level international workshops/meetings, table top exercises, guidebooks, and capability assessments.

The Combatant Commanders are requested to submit their FY10 proposals by July 1, 2009, through the office of the Chairman of the Joint Chiefs of Staff (J-4) to ODUSD(I&E/ERS). Cover memorandum and proposals should be mailed to:

Mr. William Mackie
Engineering Division, J-4ED
Room 2B884, The Pentagon
Washington, DC 20318-4000

Please call to verify receipt of proposals: Mr. William Mackie at (703) 697-4443. Back-up electronic submittal to William.Mackie@js.pentagon.mil with a copy to SClark@ida.org is strongly encouraged.

The Oversight Group of the DEIC program will convene to review and prioritize projects for FY10 on Thursday, September 17, 2009 from 0900 to 1500 at the Institute for Defense Analyses (IDA), room 6701, 4850 Mark Center Drive, Alexandria, VA. The Oversight Group is comprised of three voting representatives: ODUSD(I&E)ERS, ODASD(Policy/Policy Planning), and the Office of the Chairman of the Joint Staff. Each Combatant Command that submits project proposal(s) is encouraged to attend the Oversight Group meeting in order to review its submissions and answer questions that the Oversight Group has. The meeting will be conducted at the Secret level. Visit requests need to be faxed to IDA Visitor Control, (703) 845-2588 (phone: (703) 845-6900 or sent via Joint Personnel Adjudication System, IDA's Security Management Office code is 7A2934) by September 1, 2009. Results from the Oversight Group will be announced via email.

In order to ensure consistency in the information provided for each proposal, the attachment to this memo is the template that should be used. The template contains instructions, (inserted as "comments") that explain what types of information to include in which places. This new template should facilitate the Oversight Group's work in reviewing and prioritizing the proposals. Furthermore, each Combatant Command is encouraged to include a brief narrative in its memorandum accompanying the project submissions, outlining how the current submissions fit into your overall program for the next 2-3 years. This narrative could encompass concepts of future cooperative work in the AOR either in terms of subject matter, countries, or regions to be engaged.

If you have any questions or need assistance, please contact Dr. Kurt Preston, ODUSD(I&E/ERS) at (703) 604-1798, or Mr. William Mackie (JS/J-4) at (703) 697-4443, William.Mackie@JS.Pentagon.mil.
