## EXECUTIVE SUMMARY

### Purpose of the Inventory

The Louisiana Army National Guard (LAARNG) Non-Department of Defense Owned, Non-Operational, Defense Sites (NDNODS) Inventory is being completed in accordance with the requirements set forth by the National Defense Authorization Act of Fiscal Year 2002 in which Congress directed the Department of Defense to develop an inventory of military ranges and defense sites that are known or suspected to contain munitions constituents (MC) and munitions and explosives of concern (MEC) (including unexploded ordnance [UXO], discarded military munitions [DMM], and MC present in high enough concentrations to pose an explosive hazard).

By letter dated 3 August 2005, the United States Army Office of the Assistant Secretary (Installations and Environment) approved the use of funds from the Environmental Restoration, Army account to develop an inventory and implement the Munitions Response Site Prioritization Protocol (MRSPP). The primary goals of the National Guard Bureau (NGB) NDNODS Inventory are to:

- Collect specific information required per 10 United States Code 2710 at each Munitions Response Site (MRS) and
- Develop the draft MRSPP for each MRS identified.

The inventory encompasses land and water areas where the State Army National Guard (ARNG) may have trained, controlled, or otherwise used military munitions in the past. The inventory is being completed to establish a comprehensive list and to understand the potential liability associated with NDNODS by identifying defense sites that may require cleanup for MEC and/or MC. Future response actions or cleanups, as needed, generally will follow the Comprehensive Environmental Response Compensation and Liability Act and the National Contingency Plan process.

### Purpose of the Inventory Report

The LAARNG NDNODS Inventory Report (Report) presents the results of the inventory. The Report findings were compiled primarily through an archive search (national, state, and local level), general internet search, review of Joint Force Headquarters - Louisiana (JFHQ-LA) records, interviews of personnel at, or involved with the State ARNG and/or NDNODS, and state-wide site visits conducted 6 November 2008, 14 January 2009, and 29 October 2009.

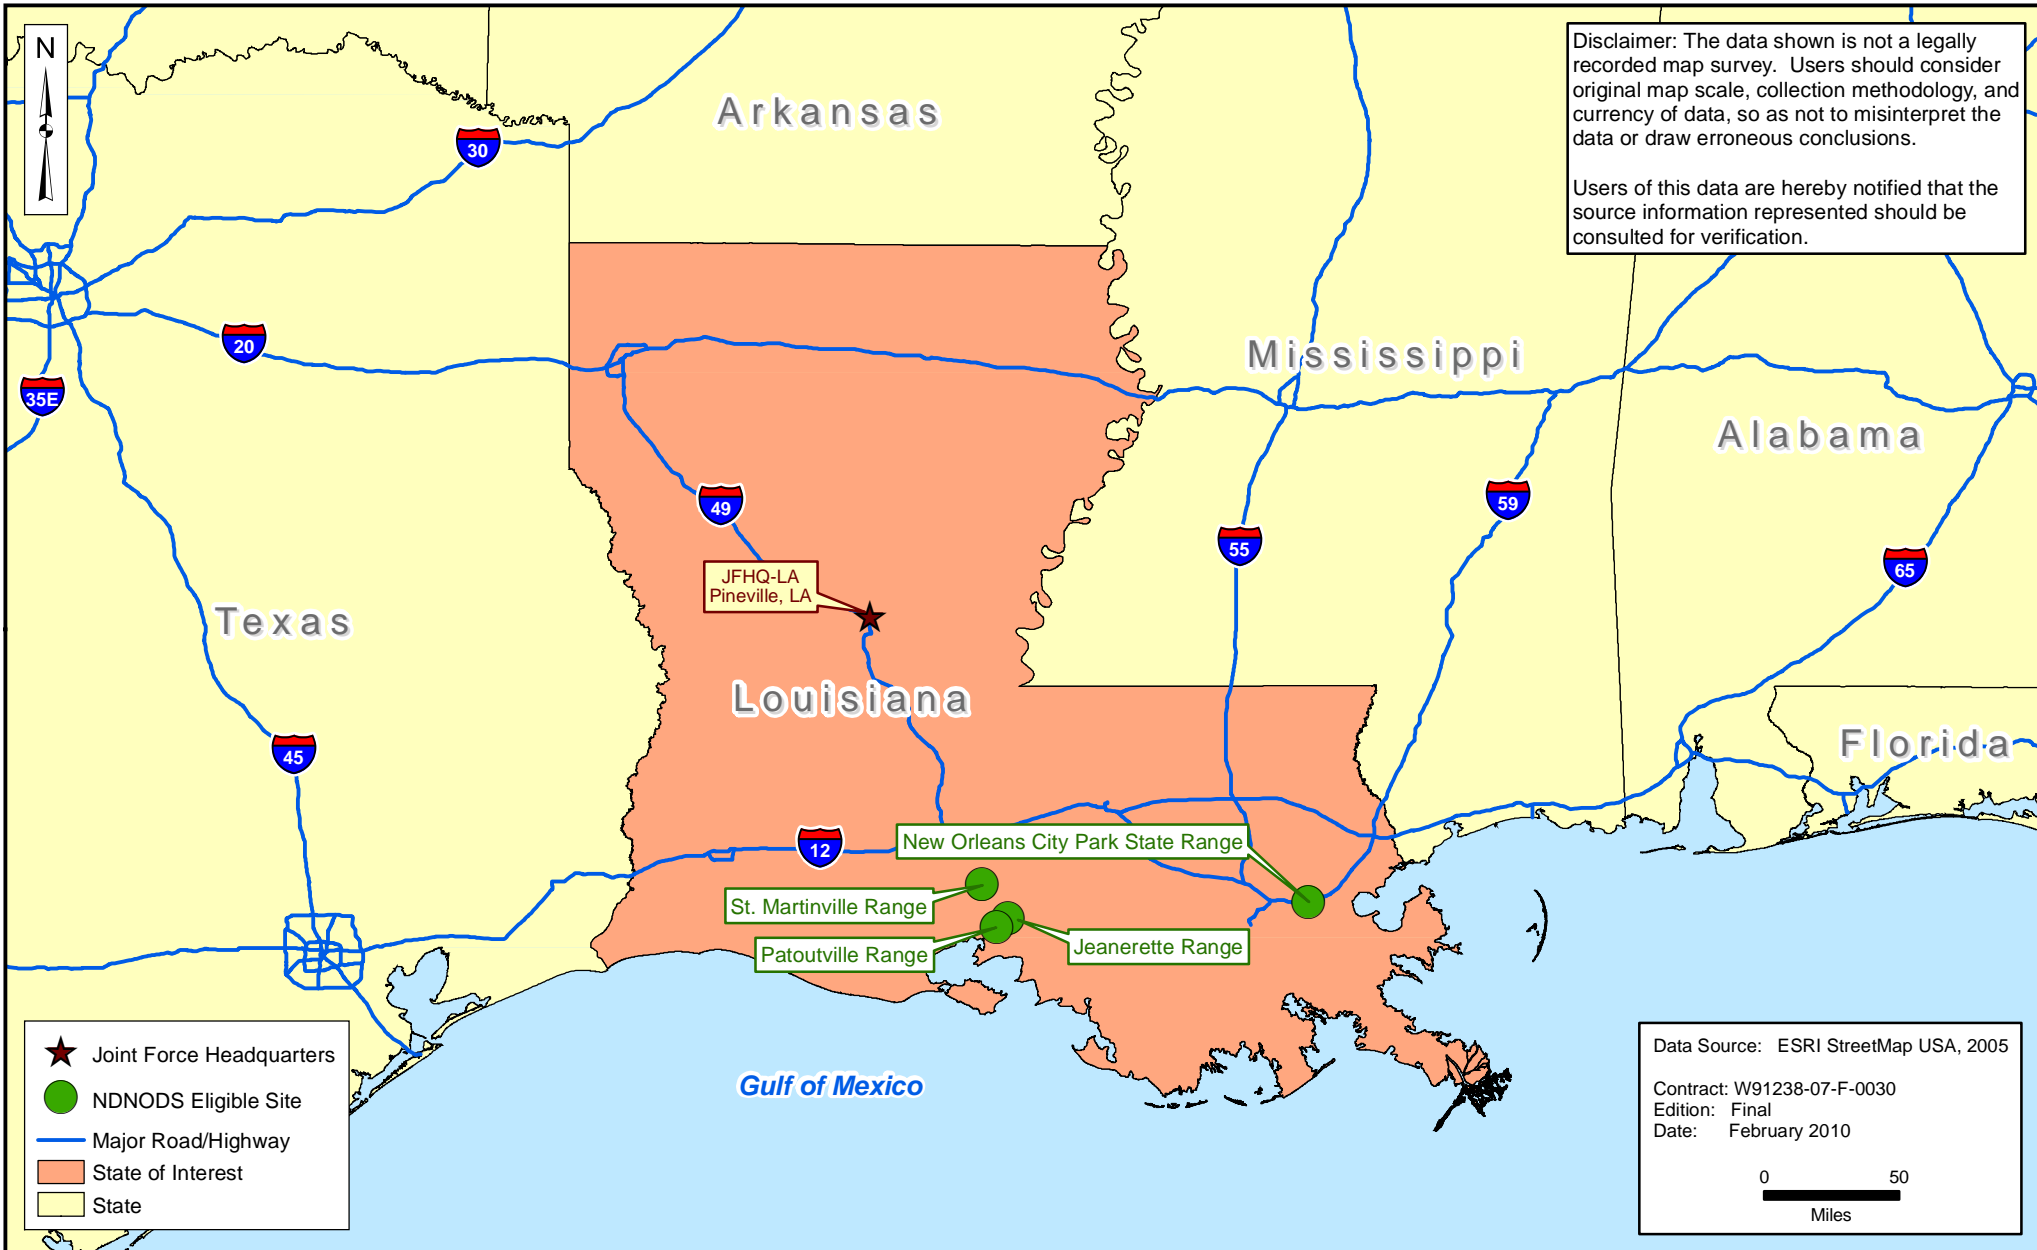

The LAARNG NDNODS Inventory Report includes the following items:

- Map depicting the locations of all eligible NDNODS and their associated MRSs
- Maps depicting all MRSs
- Description of NGB NDNODS Inventory Data Requirements - Site Information, UXO Liability and Future Assessment, and Stewardship for each NDNODS and associated MRS presented in both summary and tabular formats
- Ineligible Site Table and supporting documentation listing sites that were evaluated during the NDNODS Inventory and determined to be ineligible
- Spatial Data Standards Facilities Infrastructure and Environment compliant geographical information system files and data files in American Standard Code for Information Interchange (ASCII) format to be provided as a separate electronic deliverable

In addition, a Draft MRSPP is provided as a separate deliverable with the Report.

Summary of Results

<b>Table ES-1: Louisiana NDNODS Inventory Summary</b>						
<b>NDNODS</b>	<b>MRS Name</b>	<b>MRS Number</b>	<b>Status (Closed or Transferred)</b>	<b>Total MRS Area (Acres)</b>	<b>Owner</b>	<b>Munitions</b>
Jeanerette Range	Jeanerette Range	RRLA000002	Transferred	0	Local Government	Small Arms
New Orleans City Park State Range	New Orleans City Park State Range	RRLA000001	Transferred	406	Mixed	Small Arms
Patoutville Range	Patoutville Range	RRLA000003	Transferred	1	Private	Small Arms
St. Martinville Range	St. Martinville Range	RRLA000004	Transferred	8	Private	Small Arms
